

[illegible]

Architectural floor plan of the first floor (RZUT I PIĘTRA). The plan shows a communication room (KOMUNIKACJA-KL.SCHO.) with a gres tile floor (płytki gress). The room is bounded by a wall on the left and a wall on the right. A door (DRZWI EI30) is located on the left wall. A window (AL15) is located on the right wall. The floor is labeled with dimensions: 230, 478, 300, and 465. The plan also shows a section of the wall with a door (D6) and a window (AL1). The legend indicates the floor construction: OSC Ø200, R0=DKSS+150mm, OSC 500x300, and GK=DKSS.

Architectural floor plan of the 1st floor of the 'LABORATORIUM' building. The plan shows a large hall (HALL) with a central staircase (DZWI) and a balcony (BALUSTRADA). The hall is divided into two main sections: a larger one on the left (1.30a) and a smaller one on the right (2.27). The left section is labeled 'SZYB WINDOWY' and the right section is labeled 'KOMUNIKACJA'. The plan includes various rooms, corridors, and service areas. The building is located at 'LABORATORIUM MATERIAŁOZNAWSTWA INSTALACYJNEGO'.
