F2/45/2025/ZP

Warsaw, date 16.04.2025

Concerns: The public contract awarding procedure No F2/45/2025/ZP for the delivery of the diffractometer.

The Contracting Authority, acting pursuant to Art. 284 par. 1 and 6 and 286 par. 1 and 5 of the Public Procurement Law of September 11, 2019 (Journal of Laws of 2019, item 2019, as amended), provides the content of the inquiries along with explanations and introduces amendments to the Terms of Reference:

Question 1.

Do you allow the delivery of a diffractometer working in the θ - 2θ geometry? In our proposed solution, for an angle $\theta=0$ degrees, the sample stage starts tilted to the left by -30 degrees and ends tilted to the right by 30 degrees

Answer:

The Contracting Authority **make change in the Terms of Reference in** Appendix No. 1 to the ToR in point 10.3 after changing shall read as follows:

„ θ - θ geometry (or θ - 2θ geometry under the condition, that the Tenderer guarantees that powder samples will not fall off the sample holder during full angle range measurement).”

Note!

- **The current Appendix No 1 to the ToR are available on the procedure website.**
- Contractors are required to take the above changes into account when preparing and submitting their offers.
- The Contracting Authority informs that the questions and answers form an integral part of the Terms of Reference and will be binding when submitting offers.

Przedmiot zamówienia będzie realizowany w ramach projektu: Inwestycja: A2.4.1 Inwestycje w rozbudowę potencjału badawczego Krajowego Planu Odbudowy i Zwiększania Odporności, Przedsięwzięcie: Centrum Kompetencji Mikroelektronika i Fotonika, Nr umowy KPOD.01.18-IW.03-0011/23
