

INFORMATION ABOUT THE REJECTION OF THE TENDER

Regarding the proceedings: ZP/G/38/24 " Delivery of a vibrating screening machine for difficult metallic powder materials, including training of employees".

On July 04, 2024, the Contracting Authority decided as follows:

The Contracting Authority rejects the bid of Russel Finex nv on the basis of Article 226(1)(2)(b) of the Act of September 11, 2019. Public Procurement Law (i.e., Journal of Laws of 2023, item 1605, as amended, hereinafter the "PZP Act"), because Economic Operator does not fulfil the qualitative selection criteria in the procurement procedure.

Factual reasoning:

When examining the content of the submitted bid, the Contracting Authority noted that the Economic Operator included in the list of deliveries a delivery that goes beyond the timeframe assumed in the SWZ. Thus, the Economic Operator does not meet the condition for participation in the procedure, as it does not have the required number of completed deliveries, as a confirmation of the fulfillment of the condition of technical or professional capacity, §VII point 2,subpoint 4.

Legal justification:

The Contracting Authority shall reject the Economic Operator's tender if Economic Operator does not fulfil the qualitative selection criteria in the procurement procedure
