LEGENDA

-
- The diagram illustrates the layout of a wastewater treatment plant. It features several rectangular tanks and structures, each labeled with a specific function and a reference number. The labels are as follows:
- Kanalizacja sanitarna grawitacyjna** (Sanitary sewerage) - Located at the top right, indicated by a red line.
 - Przyłącze sanitarne grawitacyjne zakończone studzienką Ø425 mm** (Sanitary connection with a 425 mm diameter manhole) - Located below the sanitary sewerage, indicated by a red dashed line.
 - Kanalizacja sanitarna tłoczna** (Sanitary sewerage) - Located below the connection, indicated by a purple line.
 - Przyłącze wodociągowe** (Water connection) - Located below the sanitary sewerage, indicated by a blue line.
 - Studnia kanalizacyjna** (Sanitary manhole) - Located in the center, indicated by a green line.
 - Przepompownia sieciowa ścieków** (Sewer network pumping station) - Located below the manhole, indicated by a green line.
 - Przydomowa przepompownia ścieków** (Household sewage pumping station) - Located at the bottom left, indicated by a green line.
- Reference numbers are provided for each label:
- S1** for the sanitary sewerage connection.
 - PS1** for the sanitary connection with a manhole.
 - PSP1** for the household sewage pumping station.
